

KNOW the LAW

Objectives

The “Know the Law” program originated from an evidence-based curriculum designed to educate Florida Elementary, Middle, and High School students about the laws and regulations that govern their immediate communities. Research shows that an understanding of the consequences associated with the law reduces youth engagement in illegal activities.

The goal of the KTL workshop is to provide youth with an opportunity to learn more about the law so that they can make good choices for a healthy, safe, and successful life.

What’s included?

The 2nd Edition © 2023 Know the Law (KTL) manual is accompanied by an exclusive PowerPoint slide presentation and Teaching Notes that help facilitators drive an enriched and comprehensive workshop for youth.

In the Middle & High School Workshops, students will:

- ✔ Learn about various types of laws in Florida and how they apply to their lives, now.
- ✔ Understand the current and future consequences of breaking laws at their age.
- ✔ Define several specific Florida laws and the behaviors that constitute breaking them.

In the Elementary School Workshops, students will:

- ✔ Define and understand the difference between rules and laws.
- ✔ Learn about various behaviors that are illegal.
- ✔ Understand the consequences of breaking the law.
